

related matters were successful. On June 19, 1995, following the submission of settlement proposals in these other related proceedings, I issued an Order directing the Department to file the submission required under Section 788.14 of the Regulations by August 18, 1995 against van Croonenburg. In accordance with that Order, the Department made the submission required by Section 788.14 of the Regulations on August 18, 1995.

Background

The August 30, 1991 Charging Letter alleges that, on four separate occasions between on or about September 2, 1986 and on or about June 8, 1987, van Croonenburg, in his capacity as President of Marli S.A. (Marli),³ reexported U.S.-origin commodities from Switzerland to Austria without first obtaining the reexport authorization required by Section 774.1 of the Regulations. Schedule A to the Charging Letter, which was attached thereto and incorporated by reference therein, identifies the approximate date of reexport from Switzerland to Austria, the commodity involved, the Samata S.A. (Samata) Purchase Order number, the House Air Waybill number for the exports from Switzerland to Austria that were made by air.

Finding

On the basis of the Department's submission and all of the supporting evidence presented, I have determined that van Croonenburg committed the violations alleged in the Charging Letter issued against him on August 30, 1991.

For those violations, the Department urges as a sanction that van Croonenburg's export privileges be denied for 15 years. In light of the nature of the violations, I concur in the Department's recommendation.

Accordingly, it is therefore ordered,

First, that all outstanding individual validated licenses in which van Croonenburg appears or participates, in any manner or capacity, are hereby revoked and shall be returned forthwith to the Office of Exporter Services for cancellation. Further, all of van Croonenburg's privileges of participating, in any manner or capacity, in any special licensing procedure, including, but not limited to, distribution licenses, are hereby revoked.

Second, that Herman van Croonenburg, Urb. El Paraiso, Parc. 145—Villa Favorita, E-29680 Estepona—Malaga, Spain, and all of his successors, assigns, officers, representatives, agents, and employees, shall, for a period of 15 years from the date of final agency action, be denied all privileges of participating, directly or indirectly, in any manner or capacity, in any transaction in the United States or abroad involving any commodity or technical data exported or to be exported from the United States, and subject to the Regulations.

A. Without limiting the generality of the foregoing, participation, either in the United States or abroad, shall include participation, directly or indirectly, in any manner or capacity: (i) As a party or as a representative of a party to any export license application submitted to the Department; (ii) in preparing or filing with the Department any export license application or request for reexport authorization, or any document to be submitted therewith; (iii) in obtaining from the Department or using any validated or general export license, reexport authorization, or other export control document; (iv) in carrying on negotiations with respect to, or in receiving, ordering, buying, selling, delivering, storing, using, or disposing of, in whole or in part, any commodities or technical data exported or to be exported from the United States and subject to the Regulations; and (v) in financing, forwarding, transporting, or other servicing of such commodities or technical data.

B. After notice and opportunity for comment as provided in Section 788.3(c) of the Regulations, any person, firm, corporation, or business organization related to the respondent by affiliation, ownership, control, or position of responsibility in the conduct of trade or related services may also be subject to the provisions of this Order.

C. As provided by Section 787.12(a) of the Regulations, without prior disclosure of the facts to and specific authorization of the Office of Exporter Services, in consultation with the Office of Export Enforcement, no person may directly or indirectly, in any manner or capacity: (i) Apply for, obtain, or use any license, Shipper's Export Declaration, bill of lading, or other export control document relating to an export or reexport of commodities or technical data by, to, or for another person then subject to an order revoking or denying his export privileges or then excluded from practice before the Bureau of Export Administration; or (ii) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport,

finance, or otherwise service or participate: (a) In any transaction which may involve any commodity or technical data exported or to be exported from the United States; (b) in any reexport thereof; or (c) in any other transaction which is subject to the Export Administration Regulations, if the person denied export privileges may obtain any benefit or have any interest in, directly or indirectly, any of these transactions.

Third, that a copy of this Order shall be served on van Croonenburg and the Department in accordance with Section 788.16(b)(2) of the Regulations.

Fourth, that this Order, as affirmed or modified, shall become effective upon entry of the final action by the Under Secretary for Export Administration, in accordance with the Act (50 U.S.C. A. app. § 2412(c)(1)) and the Regulations (15 CFR 788.23).

To be considered in the 30 day statutory review process which is mandated by Section 13(c) of the Act, submissions must be received in the Office of the Under Secretary for Export Administration, U.S. Department of Commerce, 14th & Constitution Ave., NW., Room 389B, Washington, DC 20230, within 12 days. Replies to the other party's submission are to be made within the following 8 days. 15 CFR 788.23(b), 50 FR 53134 (1985). Pursuant to Section 13(c)(3) of the Act, the order of the final order of the Under Secretary may be appealed to the U.S. Court of Appeals for the District of Columbia within 15 days of its issuance.

Dated: August 22, 1995.

Administrative Law Judge.

[Docket 51-95]

Foreign-Trade Zone 167—Green Bay, WI Application for Subzone Status Robin Manufacturing U.S.A., Inc., Plant (Internal-Combustion Engines) Hudson, WI

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Brown County, Wisconsin, grantee of FTZ 167, requesting special-purpose subzone status for the small internal-combustion engine manufacturing plant of Robin Manufacturing U.S.A., Inc. (RMI) (a joint venture between Polaris Industries, Inc. (Minneapolis, MN), and Fuji Heavy Industries (Japan)), located in Hudson, Wisconsin. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the

regulations of the Board (15 CFR part 400). It was formally filed on September 5, 1995.

The RMI plant (2 acres/56,000 sq.ft.) is located at 1201 Industrial Road in Hudson (St. Croix County), Wisconsin, some 15 miles east of Minneapolis—St. Paul, Minnesota. The facility (19 employees) is used to produce spark-ignition internal combustion engines (up to 500 cc in size) for recreational vehicles such as golf carts and all-terrain vehicles (up to 100,000 units per year). The company also plans to manufacture industrial engines (up to 1,000 cc) for farm, lawn, and garden equipment (HTS# 8407.32.20, 8407.33.30). Currently all of the engines' components are sourced abroad including: crankcases, cylinder heads, manifolds, balancer shafts, connecting rods, pistons, rocker arms, intake/exhaust valves, bearings and housings, flywheels, pulleys, gaskets, magnetos, fasteners, housings, fuel pumps, electrical components, and spark plugs (1995 duty rate range: 0.2—9.3%). The application indicates that 50 percent of all parts (by value) will be purchased from U.S. suppliers within three years after approval of subzone status.

Zone procedures would exempt RMI from Customs duty payments on the foreign components used in export production. On its domestic sales, RMI would be able to choose the lower duty rates that apply to finished engines (duty free, 2.5%) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 17, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 4, 1995.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:
